THE NEGRO FUNERAL.

The beautiful poem which follows was recited years ago at a funeral in Elmira, N. Y., by Judge S. S. Taylor of that city, who in introducing it said: "I am not out to deliver an eulogy—the man needs none. I am simply here to comply with a personal favor asked of me years ago by the deceased, and that was, at his death, to recite this little poem which he so dearly loved to hear." Mr. Jacob Schwartz, at whose funeral the poem was recited, had heard it in the South. Its author is unknown.

I was walking in Savannah, past a Church decayed and dim.
When there slowly thro' the window came a plaintive funeral hymn;
And a sympathy awakened, and a wonder quickly grew,
That I found myself environed in a little Negro pew.

Out at front a colored couple sat in sorrow, nearly wild;
On the altar was a coffin, in the coffin was a child;
I could picture him when living—curly hair, protruding lip—
And had seen perhaps a thousand in my hurried Southern trip.

But no baby ever rested in the soothing arms of death
That had fanned more flames of sorrow with his little fluttering breath;
And no funeral ever glistened with more sympathy profound
Than was in the chain of tear-drops that enclasped those mourners round.

Rose a sad old colored Preacher at the little wooden desk—
With a manner grandly awkward, with a countenance grotesque;
With simplicity and shrewdness on his Ethiopian face,
With the ignorance and wisdom of a crushed, undying race.

And he said: "Now, don't be weepin' for dis pretty bit o' clay—
Per de little boy who lived dere, he done gone a' run away!
He was doin' very fine here, an' he 'preciate your love;
But his sure 'nuff Father want him in de large house up above.

"Now, He didn't give you dat baby, by a hundred thousand mile!
He just think you need some sunshine, an' He lend it for a while!
An' He let you keep an' love it till your hearts was bigger grown;
An' dese silver tears you're sheddin' just interest on de loan.

"Here yer oder pretty chilren!—den't be makin' it appear
Dat your love got sort o' 'nopolized by dis little fellow here;
Den't pile up too much your sorrow on deir little mental shelves!
So's to kind o' set 'em wonderin' if they're no account themselves!

"Just you think, you poor, dear mounahs, creepin' long o'er sorrow's way.
What a blessed little picnic dis yere baby's got today!
His gran'fathers an' gran'mothers crowd de little fellow round
In de angel-tended garden of de Big Plantation ground.

"And dey ask him, 'Was your feet sore?' an' take off his little shoes;
An' dey wash him, an' dey kiss him, an' dey say, 'Now, what's de news?'
An' de Lawd done cut his tongue loose; den de little fellow say:
"All our folks down in de valley tries to keep de hebbently wavy."

"An' his eyes dey brightly sparkle at de pretty things he view;
Den a tear come, an' he whisper, 'But I want my paymints, too!'
But de angel chief musician teach dat boy a little song,
Says, 'If only dey be faith'ful dey will soon be comin' 'long.'

"An' he'll get an education dat will properly be worth
Several times as much as any you could buy for him on earth;
He'll be in de Lawd's big schoolhouse without contempt or fear;
While there's no end to de bad t'ings might have happened to him here.

"So, my poor dejected mounahs, let your hearts wid Jesus rest.
An' don't go to crierisin' dat are One w'at knows de best;
He have sent us many comforts—He have right to take away—
To de Lawd be praise an' glory now and ever—
Let us pray!"

CHANGED TO CHICAGO

An Old-Time Resident Goes to the Windy City

The venerable Mike Brown,—who came to this city before half of its present residents were born,—whose wife died last week, has gone to Chicago to end his days with an only daughter, Mrs. Augustus Reynolds.

Mr. Brown is a native of Ireland, and before coming to Maysville spent several years in New York.

For a long time he was a prosperous drayman, but some thirty-five years ago caught the political fever and was elected Wharfmaster.

His eligibility was contested, and he made a trip to New York to secure his naturalization papers before he was allowed to take the office.

Like so many others who give up a good business for office, Mike never prospered afterwards.

THE ELY MEETINGS

They Cost the Churches Between \$1,100 and \$1,200

The Pastors' Association met in regular session at the Y. M. C. A. Rooms yesterday morning.

Rev. H. T. Musselman made a brief farewell address to his brother Ministers, to which the President of the Association responded briefly. His departure is felt as a personal loss by all.

Mr. W. W. Ball, Chairman of the Finance Committee of the Ely Meetings, presented his statement of all funds received and disbursed, with vouchers accompanying for every payment made, and his accounts were found correct and clear in every detail.

Between \$1,100 and \$1,200 were disbursed by him, the liberal character of our people being well sustained in their support of the Union meetings.

The next meeting of the Association will be on April 3d.

FIRST OFFENSE

So Claims Charles Curtis, Arrested For Stealing at Hayswood

Charles Curtis, the youth in custody for stealing various articles at Hayswood, has acknowledged his guilt and pleads for mercy from the Court.

When the boy's trial came up yesterday in Judge Whitaker's Court, the woman, who claims to be his mother, evaded the Court officers and failed to appear—which action on her part goes far to substantiate the truthfulness of the boy in his denial that she is his mother.

Let her station in life be high or humble, a mother never deserts her offspring. It matters not what may befall the bone of her bone and blood of her blood, she clings to you as the ivy twines the oak.

A mother's love is steadfast and true. All others may forsake and cast you off, but a mother—God bless her pure and holy name.

She clings to you when the hour is darkest—when there is not a rift in the cloud of despair—her prayer and words of consolation will be the silver lining and star of hope.

Perhaps this foster mother, for evidently she is nothing more, is responsible for the boy's downfall. He protests that this is his first offense, and if such be the case the Court should take note of the fact.

Among the Many Excellent Things We Show

In our Clothing Department is the new Double-Breasted Sack. It has length, plenty of breadth, and that air of "chick" that is only produced by the manufacturers who are artists in their profession. Almost any of the new Novelty Suitings in brown and gray mixtures will be the correct things. The Black Tibets and Unfinished Worsteds are always in place, but Blue Serges in coats and pants and full suits and the New Grays made in the same style will likely have the call over all others. In all of the above-mentioned styles we show a greater variety than you would find in any other house in the state. We WANT YOU TO COME IN AND LOOK THEM OVER.

OUR SHOE DEPARTMENT is worthy of the consideration of those that want the best footwear made in the country. Take a glance at them and our Hats in our West Window.

WHEN President Castro's 30,000 Venezuelans reach the Mississippi Valley, I'll undertake to gather up a shirt-tail full of old rebel soldiers in Arkansas and run them into the Gulf of Mexico.

It is a favorite scheme of the demagogue to lead "the great common people" into the belief that railroads are run for the sole purpose of oppressing their patrons and enriching their stockholders. Those who are of this opinion are directed to some official figures published by the Bureau of Labor, which appear in another column.

THE Secretary of the Treasury a few days ago received a letter containing the sum of \$12,000 in \$50 bills, the second largest contribution to the conscience fund ever received.

Here's the letter—

"Dear Sir: I am sending you herewith inclosed \$12,000, which is to go to the use of the United States Government. Years ago I defrauded the Government of money, but have returned it all and now am paying four-fold in accordance with the teachings of the scripture. The way of transgressors is hard, and no one but God knows how I have suffered the consequences, and I would seek to do a bountiful restoration. May God pardon while the United States Government is benefited.

"A SINNER."

What a burden has been lifted from this man's conscience; and what a heroic example to the Delinquent Subscriber!

STRIKES don't pay!

All the employees of the Interborough Railway Company of New York who went on a strike and whose wages had been previously advanced because of the length of their service secured re-employment only at the sacrifice of whatever advance in wages they had obtained. Experienced motormen were reduced from \$3.50 to \$3 a day, gatemen from \$1.55 to \$1.40, guards from \$1.90 to \$1.55, and conductors from \$2.40 to \$2.10. So crushed was the strike spirit that the men accepted the reductions without protest. Many expressed regret that they had joined in the strike and told the officers that they had done so from fear.

Once more—Strikes don't pay!

WHILE riding in a streetcar opposite the Cemetery a few days ago I saw a small boy who was using his best efforts to make a job for Coroner Wood—and to most certainly involve the C. and O. Railway Company in a damage suit. A long freight train was going West. At that point the stone ballast carries the track considerably above the ground level, and the boy in question, being about "knee-high to a Kansas grasshopper," ran along in the ditch, his head nearly on a level with the oil-boxes of the trucks. Even an experienced railroad man could not have "boarded" the train under these conditions—and none but a fool would have tried to do so—although it was not going more than six miles an hour. And yet this boy, while in sight, made three herculean attempts to "jump the train." There were several brakemen on top of the cars, and it was a physical impossibility for either them or the engine crew to see the lad. It is the injustice of Juries that decide suits against railroad companies for killings under such conditions as these that makes a farce of the law and brings Damage Suit Lawyers into contempt. But this boy was not killed that day. That will come later.

If Constipated, Do This.

This offer may not appear again. There is no catch about it. If Mull's Grape Tonic does not positively cure Constipation you are out nothing, as you may have the first bottle free. If it cures, which it will, tell others; that is all we ask. No remedy has ever before been known to cure Constipation permanently. Mull's Grape Tonic is not a physic. It is unlike anything you have ever used. It cures Constipation. If it did not this offer would ruin us. The process is gradual but sure. You know from your own experience that physics, like Pils, Salts, Castor Oil, Mineral Waters, Injections, etc., make you worse. Where can Mull's Grape Tonic be had? Your Druggist sells it. The 81 bottle contains nearly three times the 50c size, but if you will write today to Mull's Grape Tonic Co., 217 Third Avenue, Rock Island, Ill., and give Druggist's name, you will receive the first bottle free with full instructions. This gives us a chance to prove to you at our expense that it is a wonderful remedy and places you under no obligation to invest a penny. Only tell your friends about it.

After trying several cures the store-keeper here recommended this remedy, and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief, and its continued use for a short time will produce a permanent cure. For sale by all Druggists.

About Railway Rates

Figures Given Out By the Bureau of Labor, Disproving the Statements of Demagogues

Cincinnati Times-Star.

Anything that will aid the mind in arriving at a decision as to the wisdom or its reverse of regulating interstate railway rates is of importance. As has been said, the only question that can be so far determined satisfactorily is that the Federal Government has the right to regulate such rates. The wisdom of doing so must then be determined, and later must follow the working out of a method that will not operate unjustly, and which will not create evils even greater than those which it is sought to correct.

Among the statistics published by the Bureau of Labor, the following table shows the increase in the price of the chief commodities and in railway rates from 1899 to 1902; 100 representing the average price of commodities from 1890 to 1899:

Railway Rates.			
	1899.	1902.	Advance.
Passenger	93.9	96.8	2.9
Freight	86.3	90.2	3.9

Prices of Commodities.			
	1899.	1902.	Advance.
Farm products	100.0	130.5	30.5
Food, etc	98.3	111.3	15.0
Cloths and clothing	96.7	102.0	5.3
Fuel and lighting	105.0	134.3	29.3
Metals and implements	114.7	117.2	2.5
Lumber and building material	105.8	118.8	13.0
Drugs and chemicals	111.3	114.2	17.1
House-furnishing goods	95.1	112.2	17.1
Miscellaneous articles	97.7	114.1	16.4
All commodities	101.7	112.9	11.2

The comparison is still more striking when the year 1898 is taken, and the list of commodities confined to those entering chiefly into railway construction, maintenance and operation:

Railway Rates.			
	1898.	1902.	Advance.
Passenger	96.2	96.8	0.6
Freight	89.7	90.2	0.5

Prices of Commodities.			
	1898.	1902.	Advance.
Fuel and lighting	95.4	134.3	38.9
Metals and implements	86.4	117.2	30.8
Lumber and building material	95.8	118.8	23.0
Miscellaneous articles	92.4	114.1	21.7
All commodities	93.4	112.9	19.5

The tables are interesting as showing that, while the prices of all commodities have advanced, on an average, 13 points, and fuel, metals and lumber 25 to 35 points, railway rates have only advanced fractionally. The Interstate Commerce Commission report shows that the average daily rate of pay on the railroads from 1899 to 1903 for various classes of employees increased as follows: Engineers, \$3.72 to \$4.01; firemen, from \$2.10 to \$2.28; conductors, from \$3.13 to \$5.38; other trainmen, from \$1.94 to \$2.17; machinists, from \$2.29 to \$2.50; section foremen, from \$1.68 to \$1.78; other trackmen, from \$1.18 to \$1.31, and other different classes of employees in equal proportion.

EARNINGS AND PROFITS.

In solving the question of wisdom of railway regulation, it is fortunate that there is much available statistical matter, officially collected, that prevents any muddling of some important phases. The world has at the present time 550,000 miles of railway, of which 210,000 miles are found in the United States. These American railroads represent in securities \$6,000,000,000 of stock and \$6,500,000,000 of bonds and floating debt. Stocks and bonds in a measure represent duplicate issues, and it is not unfair to approximate the net liability of the railroads at slightly in excess of \$9,000,000,000.

The gross earnings of the railroads during the last fiscal year were \$1,900,000,000. Of this \$1,350,000,000 came from freight; \$450,000,000 from passengers, and \$100,000,000 from mails, express, etc. The railroad companies further earned about \$40,000,000 from a great variety of incidental services. This income was expended in the following manner: Operating expenses \$1,250,000,000; taxes, \$60,000,000; interest on bonds and debts \$275,000,000; dividends, \$165,000,000; surplus, \$190,000,000. These figures indicate that dividends represented about 8 1/2% of the gross income, while the surplus went into renewals and improvements of the plants.

During the past year more than 40% of the railroads of the country paid no dividends, while the average rate of dividends paid by those companies that declared them was 5.70%. The average rate of interest paid upon the bonds was 4 1/2%.

In its financial aspects, therefore, it is easy to determine that no reason for railroad regulation exists—the evils and abuses of which people complain are not revealed there. The percentage of the gross income held to pay dividends is not excessive; many railroads are not operating at a profit. This much is readily made clear.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a bum job get onto our presses. No press in the country can better our printing and we want you to know it.

Do You Need Bracing Up?

No other tonic in the world is like Paine's Celery Compound; no other remedy takes so simple and scientific a way to perform its wonders. Paine's Celery Compound acts directly upon the nerves, feeding them Nature's nerve food—celery—filling them with new vitality. Through the nerves it acts upon the blood, purifying it, strengthening it, making it pure and strong and red and healthy. No other remedy purifies so gently and so quickly.

Paine's Celery Compound is the one known prescription that purifies without purging or weakening the system in any way.

If you feel "run down," "used up," nervous, tired,—in other words, if you need bracing up, try Paine's Celery Compound.

Learn the full luxury and delight of being always at your best, able to live your life for all that is in it.

Feel the exultant thrill of pure, rich blood and abundant Nerve Force, made by Paine's Celery Compound.

Paine's Celery Compound gives real Nerve Force, instead of the false activity imparted by mere stimulants. It is the best and quickest nerve tonic.

Tired, weak-nerved, thin-blooded, unhappy men and women get quick, sure, hearty health from this celebrated Nerve Vitalizer and Tonic. It drives away lassitude, gives courage and strength. It makes a rich increase in blood supply, and makes the whole system thrill with hearty health.

Miss Mary Stone, Secretary of the Young People's Christian Temperance Society of Milwaukee, tells her experience after feeling "run down" for months.

We have used Paine's Celery Compound in our family for a number of years and a few months ago when I felt so worn out and run down that I thought I would have to give up my work and take a vacation earlier, mother suggested that I try a couple of bottles of Celery Compound. A few doses made me feel quite different, my appetite increased, I began to sleep well at night and felt rested in the morning. In a very short time I felt like a different being and am glad to say that your medicine made it possible for me to continue my work uninterrupted. Yours very truly,—Miss Mary Stone, 2621 Lisbon Ave., Milwaukee, Wis. Secretary Young People's Christian Temperance Society.

Try Paine's Celery Compound YOURSELF when you feel exhausted—when you grow tired sooner than you should—when you lose patience with the irritating cares of daily life—when you feel that your hopes and ambitions are not as high as they used to be—when you spend a sleepless night—when you get up almost as weary as when you went to bed—when you are worried—when the tired feeling puts its heavy touch upon you. That is when you need the new Nerve Force, the good blood and fresh vitality that is given by PAINE'S CELERY COMPOUND.

Don't wait. Try Paine's Celery Compound today. Take just one dose when you go to face the hard part of the day's trials. See how much better you feel.

See how much more easily the trials roll away. Two days' treatment with Paine's Celery Compound will give proof of its marvelous powers.

For 18 years this famous prescription has been the most universally used tonic in the world. It has stood the test of time. Physicians constantly use and prescribe it. No prescription has ever been formulated that equaled it in curative power.

Remember this.—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

During Lent society is in sackcloth and spiritual devotion for the nonce, and not until the close of the penance season will gaiety resume its sway. About the first social event that is looked forward to with pleasurable delight is the ball to be given by the Advance Club in Washington Hall April 20th. The indications are that it will be a swell affair. The Club has already secured the services of Professor Roy Aultman, pianist, and Frank C. Maphet, trap drummer, of Cincinnati. This is an innovation that will be decidedly pleasing to the participants and entertaining to the onlooker.

DETECTIVE BINGHAM

Here Yesterday Looking Up Organized Gang of Thieves

Mr. Jack Bingham, the C. and O. detective, was here yesterday in consultation with local officers in regard to a robbery committed Sunday night.

Two freight cars were broken into and considerable valuables taken. One of the cars was entered while on the siding in this city and the other broken into between here and Portsmouth.

That an organized gang of thieves exists who continually prey upon the C. and O., there is not a particle of doubt, and that a portion of the highwaymen have their abode in this city is another self-evident fact.

The officers have lines out that will eventually land this desperate gang and send them to the Penitentiary, where they belong.

NO TONGUE CAN TELL SUFFERING

From Itching and Bleeding Eczema—Pain Terrible—Body and Face Covered with Sores—Doctors and Medicines Failed.

ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address, Mrs. Altie Etson, Bellevue, Mich."

ITCHING ECZEMA And All Other Itching and Scaly Eruptions Cured by Cuticura.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Cuticura Soap, Ointment, and Pills are sold throughout the world. For Dr. J. C. Clark, Corp., Boston, Sole Proprietors. Send for "How to Cure Eczema."

A UNIQUE RECORD.

Not Another Like It In Our Broad Republic.

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Maysville citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

A. W. McClanahan of A. W. & B. P. McClanahan, grocers, at 121 Second street Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me more or less for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills today than I did in that testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to anyone who may inquire. I got the remedy at J. Jas. Wood & Son's drug-store."
